

SUMMER 2017

DO CAMP AWESOME

EXPERIMENTATION + MISTAKE-MAKING,
EXPLORATION + MASTERY,
JOYOUSLY CELEBRATED.

Camper's ages 5-12
grow their creative
voice with open-ended,
connected-learning
experiences in the arts,
building the skills kids
need to happily shine on
their own and as part of a
community. Kinda like prep
for the real world

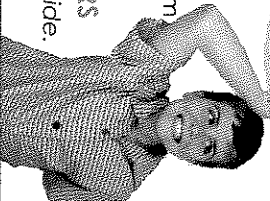

the
wishcraft
workshop
growing artists + thinkers of
character,
confidence +
curiosity

June 19-September 1, 2017

9am-3pm + After-Camp 3pm-6pm
(drop-off starts 8am)

STEMS NEED FLOWERS

TEEN program info on reverse side.

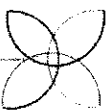

WE GROW ARTISTS, THINKERS, CITIZENS

+ INNOVATORS — creatively

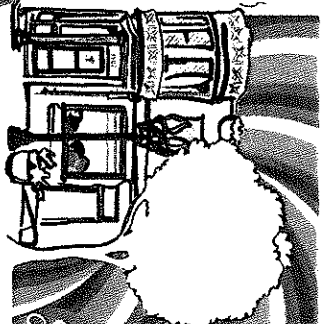

confident kids who approach
obstacles with curiosity, unafraid to
explore and even fail. Creatively
confident people grow up to find
opportunities and solve problems big
and small, globally and locally.

We play with wave-length + stitch-
length, capability + miscibility,
automation + celebration,
parallelism + pointillism, citizenship +
artisanshship... We play with important
ideas, learn art and craft technique
with open-ended projects of our own
design (no stickers or pre-fab here),
get kinda messy, make new friends
and know every child by name.

Blending laughter + leadership,
art + entrepreneurship for
curious teens Grades 7-10.
