

October 25<sup>th</sup>, 2011

Dear Newberry Families,

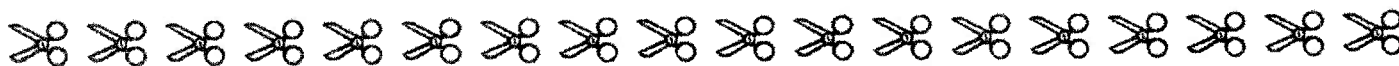

It is with much pleasure that I write this letter informing each of you about our After-School All Stars program for the 2011-2012 school year. Over the summer, we applied for and were one of 179 schools who received this federally funded grant. The ASAS grant is established for the purpose of making the school a safe, supportive, and productive environment even after school hours so that students can be successful. The vision of the CPS After-School All Stars program is to provide schools with resources to develop and execute enrichment activities that will improve all students' sense of school belonging and cultivate engaged 21st century learners and leaders. To that end, it is our goal to deliver quality after-school programming that is both fun and engaging so that our students continue to grow.

Beginning on Monday, November 14<sup>th</sup>, our ASAS program will commence and in its entirety, will last twenty weeks. We have organized our class offerings so that every course lasts ten weeks, thereby enabling each teacher to offer two courses.

Directions: 1. Flip this page to view all the course offerings during the first ten weeks of the ASAS program. 2. Decide which program(s) would be best to attend and use the front side of this sheet to identify the program(s) your child is choosing. 3. Tear off the bottom portion and turn it into Mr. Collins. **He will be available between 7:30am and 7:55am from Wednesday, October 26<sup>th</sup> – Monday, October 31<sup>st</sup> in front of Room 106.** If a course has become filled, he will let you know and you can choose an alternative.

Sincerely,

  
Linda Foley-Acevedo, Principal

Newberry Academy After-School All-Stars Programs First Ten Weeks: November 14 <sup>th</sup> , 2011 – February 3 <sup>rd</sup> 2012 Sign-Up Sheet **This form must be returned no later than Monday, October 31 <sup>st</sup> ** Please note that spaces are limited to a first come, first serve basis. You MAY be asked to choose an alternative course if spaces become filled.
